Cooling- heating and Drying machines
Enquiry sheet

Quote No.:

Company: _____ Contact person: _____
Street: _____ Phone: _____
Town (Cip code): _____ Email: _____
How did you find us: _____

Product Specification:			
Type:			
Bulk density:	kg/dm ³	Inlet:	Outlet:
Particle size and shape			
Specific heat capacity:	kJ/kg °C		
K – Value	W/m ² °C		

Product characteristics:

free flowing bad flowing: sticky: compressing:
pasty: bridging: abrasive: explosiv: melting:
corrosive: agglutinating: hygroscopic: toxic:

Other characteristics: _____

Installation conditions:			
Device before Inlet:			
Filling degree:	%		
Device after outlet:			
ATEX Zone:		Product area:	Ambient:
Material:			

Capacity:				
Capacity:	kg/h	Min.:	Normal:	Max.:
Product Temperature:	°C	Inlet:	Outlet:	
Produkt moisture:	%	Inlet:	Outlet:	

Heat and cooling medium			
Heat and cooling medium:			
Temp. Heating medium:	°C		
Pressure:	bar(g)		
Specific heat capacity	kJ/kg °C		

Drive:

Voltage: _____ Protection class: _____ Frequency inverter operation: _____

Requested delivery date: _____

Remarks:
